### Features & Options

The Genie Z60/34's zero tail swing means that the machine can easily be manoeuvred and the 360° continuous turntable rotation makes it popular for working in restricted areas. The articulated boom with a 2 metre jib allows this machine to access hard to reach areas.

A sizeable cage with 180° rotation provides space for two operatives and their equipment.

- Self-leveling platform
- Hydraulic platform rotation
- Fully proportional controls
- Drive enable
- AC power to platform
- Tilt alarm
